

Chamberlain School of Ballet Class Disciplines

Class Disciplines: Versatility is demanded by current trends of the professional dance world. While based in the tradition of the ballet art form, the school is progressive and in keeping with those trends. An expansive multi-disciplined program is offered including classical ballet, pre-ballet, tap, jazz, modern, creative dance, creative movement, choreography/composition, musical theatre dance, and an open teen/adult ballet program. The goal of our program is to encourage self-confidence and appreciation as well as a love for dance that will last a lifetime.

The creative play enhances the development of fine and gross motor skills as they run, skip, leap, stretch, coordinate, isolate and move to the music.
